- 📍 21 Smuts Drive, Midrand, 1686, South Africa

### Hard Skills

- Presales
- Datacenter Storage
- Cloud Computing
- Python Backend Development
- Kubernetes
- Ansible
- Linux Bash Scripting
- Generative AI
- Agile and DevOps Methodologies
- Computer Ethics
- Cybersecurity Awareness

### Soft Skills

- Observation
- Punctuality
- Quick and Attentive learner
- Strong Communication & Collaboration

### Education Background

- Curro Academy Soshanguve  
**High School Certificate**  
Completed in 2017
- Eduvos Midrand  
**Bachelor Of Science in Computer Science**  
Completed in 2022

### About Me

I am a computer science graduate with skills in various programming languages, backend web development, cloud AI engineering, and cybersecurity. I have experience as a presales intern, where I provided technical support on datacenter hardware to internal sales teams and business clients. I am a strong communicator, a quick learner, and a problem-solver. I also hold certifications from numerous certifications in Cloud, Python, and DevOps among others.

### Professional Experience

First Distribution | Presales Intern – IBM  
*January 2023 – July 2023*

Key responsibilities:

- Provide technical product knowledge to assist the sales team to advance the sales process.
- Determine the technical requirements to meet customer goals.
- Prepare cost estimates and technical proposals such that it meets the client's requirement
- Develop awareness of all relevant competitive products on the market.
- Work closely with Brand and Vendor technical teams to understand new technical developments in the IT industry
